- 001-"Let's go in."
- 002-"Let's not go in."
- 003-"I follow them."
- 004-"I stab the dragon and tell it to get off me."
- 005-"I drink the bottle marked POISON on the off-chance that it's the extra-healing potion."
- 006-"I kill it."
- 007-"Let me handle this."
- 008-"Whaddya mean, a pentagram only has FIVE sides?"
- 009-"What a useless scroll. It just says, HASTUR HASTUR HASTUR over and over again..."
- 010-"Click?? ...This doesn't come with ammo?"
- 011-"Why is your torch flame turning blue?"
- 012-"AAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHH"
- 013-"Trust me."
- 014-"I never get lost."
- 015-(A corridor ahead is full of brown mold)  
"I cast Fireball down the hall, then send my fire elemental to investigate."
- 016-"Dammit, this thing won't die!"
- 017-a)"I bet without Mjolnir you're a real wuss."  
b)"He looks like a wuss to me."
- 018-"He hit me for HOW MUCH?????"
- 019-"They're only kobolds!"
- 020-"Hey, this chest just bit me!"
- 021-"I try to move silently in plate armor..."
- 022-"I didn't find any traps !!"
- 023-"Wonder what this button does ?"
- 024-"Don't worry, he is probably just first level."
- 025-"This 250' wall has so many holes, it should be easy to climb."
- 026-"I'll just close my eyes and walk up to the dracolisk holding up my mirror"
- 027-"Can I eat this green slime?"
- 028-"I'll just walk up to the dragon invisibly"
- 029-"Why is this man speaking in sign language?"
- 030-"This type of undead can't drain levels"
- 031-"I'll open the door, sneak up on him from behind and backstab him!"
- 032-"We are in luck! The dragon is sleeping"
- 033-"That's only a statue"
- 034-"There is no trap on the door, so let's open it"
- 035-"Look, behind you!!!" Said by a gnome(pc) to an ogre as a disliked partymember crept up. End of the other member.
- 036-"I have this dungeon at home, I know where everything is!"
- 037-"Don't worry, the DM won't hose me"
- 038-"We'll untie the prisoners and lock them in the closet."
- 039-"Why can't we take Clarissa (Disguised evil high priestess) with us?"
- 040-"How much will you give me for this idol I found (cursed)?"
- 041-"I'm not powerful enough, can't you just give me second level."
- 042-"Don't I get the farie fire bonus on my parry."
- 043-Star Wars:"Stormtroopers can't hit a Wampa at this dist..."
- 044-Traveller:"Who took the battery out of my grav belt?"
- 045-"They're wearing blue robes? They must be Druids. Roll for initiative, suckers." (At which point the polymorphed Bone Devils ate him.)
- 046-"I see HOW MANY wights?!" (from the crypts of

- Ravenloft)
- 047-"Don't worry, wyvern don't attack unless they're provoked."
- 048-"You watch the door, I'll take out the Gas Spore (Beholder) that's guarding the treasure."
- 049-"A Nightmare, huh? I'll attack for one round and prepare to run."
- 050-"I'll take off my armor so I'm silent and slip past the dragon."
- 051-"They need a twenty to hit me, I'm invincible"
- 052-"Don't worry sir, we can handle it."
- 053-"I bet that without Mjolnir you're a real wimp."
- 054-NPC: "Lets drop our weapons and talk."  
PC : "Okay!"
- 055-"We killed all monsters on this level."
- 056-"I've been here before. There are no traps in this section."
- 057-"What do you mean 18 meter long crocodile--you just said crocodile."
- 058-"Well ....., I'll touch it again"
- 059-"I attempt to disbelieve"
- 060-"I cast a fireball" (into a 10'x10'x10' room)
- 061-"I know if I draw a card I'll get the VOID."
- 062-GM:"You're very lucky, you all don't know how lucky you are! Save or take 210 points of damage"
- 063-GM:"You don't get your +5 for being a dwarf, because it's special bodak power"
- 064-" It's OK, I trust her..." ... \*BOOM!!!!!!\*
- 065-"Stand back you wimps. I'll kill it."
- 066-"Oops."
- 067-"OK! I moon the Balrog!"
- 068-"My first arrow MISSED the magic-user pointing at me?? OK, I shoot again!"
- 069-"Where'd that thief go now?"
- 070-"Trap? What trap?"
- 071-"So what?"
- 072-"Don't be silly. If this was really the ship's "Self-Destruct Button", do you think they'd leave it lying around where anyone could press it?"
- 073-"Hmmm...the sign on the door says, "AIRLOCK". I wonder what's inside."
- 074-"You're all a bunch of wimps!! I'll prove to you myself that an entire orc stronghold is no match for your average barbarian."
- 075-"All right, we're in an unexplored dungeon in total darkness with no light sources or infravision...Hey, I know!! Let's yell and scream a lot so we can locate each other by sound!!"
- 076-"I'm going to kill our captives anyway, and I don't give a damn whether the other goody-good PC's like it or not."
- 077-"Y'know, since our druid's been so obnoxious, it would probably serve him right if we set his precious forest on fire."
- 078-"A clever bluff, Agent N42, but not clever enough. You see, right away I recognized your `pistol' as a cleverly disguised cigarette lighter."
- 079-"A creature with two BABOON heads on a scaly REPTILIAN body? With TENTACLES for arms? Hunh. Must be some stupid wizard's magical construct. Let's kill it."
- 080-"Yes, it's true I humiliated the DM in front of the debating team Wednesday, but he's much too broad-minded to take it out on my character."
- 081-"OK, O Mighty Odin, as long as you're not gonna answer my prayers, I'm gonna tell ya what I REALLY think of ya!"
- 082-"I drop trough and expose myself to the arch-mage as a gesture of contempt."
- 083-"Well, guys, I'm sorry my activities in the last town got us all tarred and feathered, but you're not going to hold that against me, are you?"

084-"No, I'm sure there's some stipulation that says a disintegrate spell won't work if the spellcaster casts it on himself. Here, I'll prove it."

085-"Oops, I spilled flaming oil on my beard. I'd better wash it off after we kill this fire lizard."

086-"Well, we know he's LAWFUL evil, so he should keep his word when he promised not to betray us."

087-"So I'm safely across the pit? Whew! For a minute there I was worried that you might remember my encumbrance penalties."

088-"Well, as long as I've stumbled into Princess Savitra's bedroom, I might as well try to seduce her."

089-"Thank God!! A hobgoblin camp up ahead! Maybe they can help heal our wounded!"

090-"Don't worry! The chances of me blowing a climb walls roll twice, at my level, are infinitesimal."

091-"All right, I jump...Now on the way down, I activate my ring of feather fall...no, wait, didn't I lend it to Jim?"

092-"So you're Tiamat, huh? Are you evil? Yes? Would you like to convert?"

093-"I cast a 'gate' spell and gate in the Iraqi Air Force."

094-"Well, \*I\* trust our party thief, and if he says this door isn't trapped, that's good enough for me."

095-"Well, I didn't much like this character, anyway...Here goes nothing..."

096-"I swing the Toxic Avenger's mop at the grenade so I can bat it across the room at the aliens...Wait! Isn't that grenade Contact Fused ????"

097-"All right, I guess Toronaga's right. There can't possibly be anything on the other side of this airlock. Why not open the damned thing."

098-"Whistling sounds? Naw, they can't have a grenade launcher!"

099-"Okay, there's nothing guarding the bridge. I go through the door and find the helm."

100-"They can't possibly outflank us. We have a multi-scanner!"

## 101-200

101-"Come on! Arrows versus Kevlar?"

102-"What do you mean Tsu Han's piloting the shuttle? Does he even have Insystem Pilot? WHY ARE YOU SMILING AND SHAKING YOUR HEAD?"

103-"So that giant fell into the pit? I'll jump over it and get his treasure."

104-"Oh, that sorceress looked a little pale when she examined the mirror which has the pentagram in front of it on the floor. I think I'll break the mirror."

105-"It's not trapped, you just want it to yourself."{He still got it for himself.}

106-"Me first Me first."

107-"Dinosaur? Hey, no problem, right Balinor?"

108-"You call yourself a barbarian, you son of a witch?"

109-To powerful demon: "Try me sh\*t breath!"

110-To sleeping dragon: "Oops, sorry...didn't mean to disturb you."

111-"Come on, we haven't found any traps so far."

112-Ranger: "What do I see?"

DM:"Do you remember the trap that killed Indy's guide in Raiders of the Lost Ark?"

113-"Diamonds ... Gold... Sapphires !!! Terry! Terry, we're rich, we're rich, we're fabulously wealthy !!!! ...Terry ..... Terry ???"

114-"Let's walk this way."

115-"Hey folks, follow me, I remember the way to the dungeon exit."(Lost)

116-"I never get to have any fun!"

- 117-"You mean they get to use the critical hit chart too?"
- 118-"Hey, I know a dragon when I see one."
- 119-"What do you mean the whole room we're in detects as a trap?"
- 120-"Hey you! Frost Giant! How's the weather up there?"
- 121-"Just watch, I bet I get the one item that's cursed."
- 122-"I'm invincible!"
- 123-"Don't worry. I know what I'm doing!"
- 124-"Stop!"
- 125-"A sign labeled `pit'? I walk up to it."
- 126-"No problem. That's easy!"
- 127-"Hey, I found it. I'm keeping it."
- 128-"I think we'll have to reason with him."
- 129-"Hah! I'm not dead yet. I still have five hit points."
- 130-"Oh, no. We're being rescued. How embarrassing!"
- 131-"Yeah, I know it's dangerous, but think of the experience points."
- 132-"I stand right underneath the Fire Giant and point my wand straight up."
- 133-"Don't worry. I've got a plan."
- 134-"They can't see me. I'm invisible!"
- 135-"I wonder what's in here?"
- 136-"He wouldn't try that trick again!"
- 137-"My two mutations? ...But I've only one!"
- 138-"Just because you're a dragon doesn't mean you can push ME around."
- 139-"They don't look so tough."
- 140-"I'm SURE there are no traps."
- 141-GM: "FIVE...FOUR...THREE...TWO..."  
PC: "I look for the light switch."
- 142-"What do you mean trolls regenerate!?!"
- 143-"Here kitty, kitty, kitty..."
- 144-"I'll open it."
- 145-"It seems easy enough"
- 146-"I think he can be trusted."
- 147-"Those noises are probably nothing."
- 148-"I'll pull the lever."
- 149-"Money!"
- 150-"Magic is for wimps."
- 151-"Oh. He'll miss. Just look at my AC."
- 152-"Oh no! Let's go help them!"
- 153-"Run away!"
- 154-"I want to kill something."
- 155-"All clear, guys."
- 156-"Gummy werebears? They should be cake to kill once they turn human."
- 157-"Wait a minute, didn't the old man say something about a curse?"
- 158-"Hey, where'd all the big spiders come from?"
- 159-"Okay, Ed, your underwear explodes!"
- 160-"Bob, you have any grenades left? Throw me one..."
- 161-"AGAIN!?!?!"
- 162-"He shot out my eye? Okay, I tear out my other eye and throw it at him as a gesture of defiance."
- 163-"I pull the metal ring out of the sphere."(Recognize a Holy Hand Grenade?)
- 164-"This is a push-over dungeon."
- 165-a)"Maybe this wasn't such a good idea."  
b)"I told him it was a bad idea."
- 166-"I'll use my taunt skill."
- 167-"Your mother was a Gully Dwarf."
- 168-"My God will protect me."

- 169-"You wouldn't dare!"
- 170-"Hey, we're out! We're safe!"
- 171-"I'll try it on."
- 172-"C'mon! We're a team!"
- 173-"You don't look like a mage!"
- 174-"It'd be stupid to trap this!"
- 175-"I'll kick the door in!"
- 176-"It could be dangerous!"
- 177-"Here, hold this rope while I go down."
- 178-a)"I thought you brought the food!"  
b)"I thought you brought the antidote!"
- 179-"Well, if you didn't belch, who did?"
- 180-"Isn't there anything exciting in this dungeon?"  
(said to GM)
- 181-"Uh guys? Hello? Anyone?"
- 182-"Dragons give you a lot of Exp."
- 183-"I know an illusion when I see one."
- 184-"Who's the bitch with the spiders?" (ahhh! the infamous Lloth)
- 185-"I sit on the pale lady with the funny teeth." (Ahhh! the infamous vampire)
- 186-"Mysterious shadows in the room? I'm not scared --- you can't spook me!"
- 187-"There's a smell of gas, huh? Well, my lantern is hooded. It ought to be safe."
- 188-"Take off my armor and try to swim? Forget it --- I worked hard to get this +3 plate mail. Besides, the DM never lets anyone die --- he wouldn't let me drown, would he?"
- 189-"I cast a lightning bolt at the ochre jelly."
- 190-"Lightning bolts don't ricochet off stone walls, do they?"
- 191-"A ballista? What's that? How many dice of damage does it do?"  
{Twenty.It's like a crossbow, only MUCH larger.}
- 192-"So what if he calls the guard? A backwater town like this can't have a very big militia."
- 193-"Only six inches long? Ha... Wait, you don't mean six scale inches, do you?" {said in miniature-figures-game. Character itself was 3/4" high.}
- 194-"...and then I... Uh, guys? Why are looking at me like that? Guys?"  
{After using a spell called "Polymorph Other" }
- 195-"What do you mean, 'It doesn't work' ?" {Item with no more charges left.}
- 196-"Oh these, I've fought them before..."
- 197-"Then I'll hit him back!" {spoken at the start of a bar brawl.}
- 198-"I'm bored..."
- 199-"Quick! What did that scroll say ?"
- 200-"How did he dissappear like that ?" {About a hostile warrior with a ring of invisibility and two attacks per round.}

## 201-300

- 201-"I'll try to pick his pockets." {Pockets belonged to a level 30 mage.}
- 202-"Maybe we should just kill him."
- 203-"Read it to me." {It was a fireball scroll.}
- 204-"You mean there's more ?" {About undeads which entered the room}
- 205-"MAGIC ITEMS!"
- 206-"He looks like a sunburnt elf? Huh."
- 207-"I'll light a fire." (In the woods at night (attracted bears))
- 208-"You'd have to be a GOD to smile after that hit!"
- 209-GM:"You DID take the swimming skill?" (to a player when character fell overboard.)
- 210-"I'll stand guard." (Didn't want to enter orc cave.Orcs were out. Orcs came back.)

- 211-"What do you mean I hear water?" {in a tunnel} out of one and threw it ("it" being the pin, naturally)...
- 212-"I bar the door!" {Door opened inward.} 229-"Uh, what does 'explosive decompression' mean?"
- 213-"I'll cover you!" 230-"Why the hell do you always put `Graf' before your name? Is that this backward planet's equivalent of `Duke' or something?"
- 214-"Take out a Beholder's eyes, and Bingo!" 231-"Don't worry - I have Pilot-7."
- 215-"I can't possibly miss..." 232-"What do you mean `energy weapons are illegal' ?"
- 216-"Don't worry, I can hit him! I can hit him!" 233-"DO NOT OPEN"
- 217-"Shut up, bird!" {to a parrot who happened to be repeating the True Name of a demon which subsequently exterminated the party} 234-"Easy kill."
- 218-"But he has to be our friend!" 235-"I've got you now!"
- 219-"How would you like to have this sword?" 236-"Is this one really able to breath fire?"
- 220-NPC:"Take this ring as a token of my esteem." {This party no longer accepts gifts from unknown NPC's.} 237-"Trust me. I know what I'm doing"
- 221-PLAYER:"BEGONE THINGS OF EVIL!!!" REPLY:"Begone thing of good." 238-"I open the door and see who it is." {in response to a knock on the door}
- 222-"I go through the door... Wait, I check for traps!" 239-"I jump off the roof - He won't get my last HP then."
- 223-"Don't be silly. That kind of monster NEVER follows you." 240-"Oh cute! Look at the fuzzy little cubs!"
- 224-"I run up to the monster, throw my magic net over it, and try to take the jewel from around its neck." {But nets don't stop creatures from biting.} 241-"Your armor is too noisy. Wait here and I'll scout ahead."
- 225-"Hmmm... odd-colored walls. Well, I touch one." {turned to stone} 242-"I explain to the ogre that it was an honest mistake."
- 226-"I wonder what the black-and-yellow striped ring above the seat does?" { Ejection Seat. No atmosphere and no vacc-suit.} 243-"Oh, he puts those in all of his dungeons. It's a gas spore."
- 227-"What do you mean, vacc-suit proficiency? I thought it was perfectly straightforward, like wearing clothes..." [From a character attempting to fight hand-to-hand in one.] 244-"Hubba hubba! The nymph's taking off her clothes!"
- 228-"But the directions SAID to `pull pin and throw' !" [From a beautifully role-played traveller character from a non-technological world. He was given a scout ship survival pack, which among other gimcracks, contained concussion grenades. When he got in trouble, of course, he pulled the pin 245-"Whoever did this must be long gone by now."
- 246-"Easy, boy. What's this stupid horse's problem?"
- 247-"You mean ... this ... is the last ... torch?"
- 248-"Oh don't worry. The poisonous ones have orange stripes."
- 249-"I really didn't know it was against the law."
- 250-"You racist! They're elves. So what if they're black?"
- 251-"This flickering torch light is playing tricks on my

eyes. It almost seemed as though that chest moved by itself."

252-"Demogorgon."

253-"What's the duration of this Fly spell?"

254-"I don't understand. It should be dead by now."

255-"Finally! I thought that troll would never die."

256-"If we look brave and fearless, they won't attack."

257-"I'de feel better if we had some crampons. Oh, what the hell, let's go for it."

258-"I wouldn't worry about the thieves' guild -- they don't have a clue who did it."

259-"Aha! So you're the [killer/spy/vampire]!"

260-"It doesn't look very fast; we can easily swim across."

261-"While they're fighting the dragon, I sneak around behind him and examine his hoard."

262-"I wish we had a 10 foot pole. Oh well."

263-"Ha ha ha! Let's put bookworms in his spell research library."

264-"I rolled a 20. How could that be a miss?"

265-"I've got plenty of spells; I don't need to carry a weapon."

266-"I'm heir to the crown. They wouldn't dare!"

267-"Don't you understand? The odds will be even. If we can't see them, they can't see us."

268-"Who's bringing up the rear?"

269-"It's only one wight. The others are just ghouls."

270-"But [longbows/match locks/nuclear weapons] haven't been invented yet..."

271-"Look, I don't care what you think of her, or her "demonic smile." She's hot to trot. So, if you'll excuse us..."

272-"I've got better things to do than run your petty errands, your highness."

273-"What?! I thought you said fifTEEN kobolds."

274-"It'll be a short ocean voyage. One week's worth of food and water will be enough."

275-"I won't fall in; I just want a better look at what's down there."

276-"Ochre jelly? Ok, everyone, break out the bread and the peanut butter."

277-"Quit clowning around. Look, whichever one of you is doing that, it's not funny."

278-"Hey! Where's my components?"

279-"For some reason I had always imagined that bugbears were somewhat smaller."

280-"A trap? That's exactly what we're supposed to expect. I think this DM is more imaginative than that."

281-"After what we took, he won't be able to afford an assassin."

282-"They're usually not aggressive. If we leave it alone, it'll leave us alone."

283-"Wanna see my new spell?"

284-"Something's wrong with my d20."

285-"That was no healing potion! I'm gonna kill that swindler!"

286-"Ha! That's the oldest trick in the book."

287-"Hey, Bill, cast a Detect Invisibility, quick. Bill. Bill? Where's Bill?"

288-"Cover me."

289-"I think it's asleep."

290-"Look at the size of those tracks!"

291-"Can you make out this next rune? It looks like someone spilled coffee on this scroll."

292-"..23..24..Well, that's the last of his arrows."

293-"Watch this."

294-"Well, if I remember correctly, it's AC 7, 3+1 HD, 1d8 damage. Hmm..."

<scribble> <scribble>

"I should defeat him around the 4th round and still have about 12.5 hit points left. Ok, let's rock!"

295-"No problem! I'll just cast a ... whoops, I forgot. I'm just 2nd level, aren't I?"

296-"Did you see that guy's head? I wonder what did this."

297-"Damned be him who first cries, 'Hold, enough!'"

298-"If you cut me down, I will only become more powerful."

299-"Zoinks! I sure hope that's just Scooby behind me."

300-"I ain't afraid of no ghost."

## 301-400

301-"Geez, I'm kind of low on funds. Ok, I'll take 500 gp for the healing potion."

302-"I bet it's just an illusion."

303-"Well, at least I tried...?"

304-"It's only an illusionary red dragon!"

305-"I'll attempt to patch it up." {...finding a hole in the cargo bay of the orbital shuttle}

306-"I'll cut the red wire."

307-"Hey, I'll try to hide in shadows." {Room full of Shadows(kind of monster in AD&D)}

308-a)"I cast a powerball." {inside an elevator}  
b)"I shoot him with my laser." {inside a crowded elevator}

309-"I cast a hellblast." {at a gas station}

310-"Let's blow open the airlock."

311-"I jump from our car into theirs."

312-"YOU are the UGLIEST guy I've ever seen." {to an 8 foot tall troll}

313-"What do you mean 'the bullets are just bouncing off!'"

314-"O.K. pal, take your best shot."

315-"Let's rush them."

316-"There's no way they'll ever find us."

317-"What could possibly go wrong?"

318-"Him? What is HE doing here? I thought we killed him!"

319-"I throw a grenade at them." {in the middle of a weapons storhouse}

320-"Guys, I'm out of ammo."

321-"I tackle her." {She was a wolf shapeshifter in human form}

322-"Dragon? What dragon?"

323-"I shoot a missile at one of the wasps."

324-"Does anybody in the group have Doc Wagon?"

325-"A juggernaught? What the hell's a juggernaught?"

326-"Get him!"

327-"I give him the finger..."

328-"He has a threat rating of WHAT ?"

329-"Guys, there's some giant bugs in the hallway."

330-"Do you think it's a toxic spirit?"

331-"What's with that wierdo with the teeth?"

332-"I put my AK97 under my coat and go to the subway."

333-"How many teeth does it have?" {character used to make chains of the teeth of his dead opponents}

334-"Brak'? That's a stupid name for a barbarian!"

335-"Blue, no...wait, Yellow! Aaaaarghhhh" {to a bridekeeper}

336-"Shit, it's a minefield, leggit !!!"

337-"Call me Kregor the Undying!"

338-"Let's split."

339-"They will flee in terror from my <name of Assault

- Mech Class>"
- 340-"Feel like surrendering ?"
- 341-"Give you my T.O.&E ?! Figure it out yourself..."
- 342-"It's only infantry."
- 343- while rolling dices "Please God, not an ammo explosion..."
- 344-"Stupid fool. Tried to scare me by firing LRMs at my feet. I charge right at him." {character standing in a minefield}
- 345-"Sure you can use the LRM Carrier platoon in this scenario ."
- 346-"Airstrike? Sure.....But I get one too."
- 347-"I'll hide my ship near the planet's ring?" {which is where several hundred nuclear missile-equipped automated battlesats were hidden}
- 348-"That's an interesting headband you're wearing pilot Smith." {kamikaze headband}
- 349-"I'm sure reinforcements will get here on time. They promised."
- 350-"Say, what's that red dot on your forehead?" {laser sight}
- 351-"I'm a vampire. No mortal can kill me."
- 352-"What a stupid 'bot." {It was a hunter-killer drone}
- 353-"Jamming at full power, they'll never scan through that!!" {enemy used anti-radiation missiles}
- 354-"What kind of idiot would set boobytraps in his own home?"
